NEW CAR FULL VALETING

Exterior

Pressure wash exterior bodywork with mild cleaning agent, wash and clean under bonnet and surround. Remove all manufacturers' labels and chalk marks, leather dry bodywork, door and bonnet shuts. Application of tyre dressing, dress all plastics and vinyls to enhance appearance. Polish all glass and mirrors, full wax treatment to all paintwork using quality PDI Polish.

Interior

Remove all plastic seat covers, floor covers, labels and chalk marks. Polish all glass including mirrors. Clean dashboard, instrument panels, glove box etc. Check interior for glue and grease marks and dry clean as required.

Sundries

Report any noticed paint or trim defects to management. Affix any advertising materials as agreed. Fit loose paper floor mats to driver's carpeted area (floor mats to be supplied by dealership).

USED CAR LIGHT COMMERCIAL PREPARATION

Exterior

Degrease engine compartment using hot water pressure washer and solvents to remove oil and grease deposits. Pressure wash door and boot shuts, wheel arches and bodywork.

All road wheels treated with chemical to remove brake dust build up.

Clean underside of bonnet, slam panel and surround, light application of lacquer to engine and components if requested.

Vehicle bodywork polished with long life wax polish (machine polish as required).

All tyres and external plastics dressed to enhance appearance.

Interior

Clean all upholstery as necessary using extraction machine. All ashtrays cleaned, dashboard, glovebox etc, door panels and pockets cleaned. Full vacuum of interior including under rear passenger seats. Boot mat removed, spare wheel, tools, boot well cleaned. Application of sheening agent to plastics and vinyl areas if required.

Sundries

Affix advertising materials as agreed, place paper mat to driver's foot well and report any noticed defects to dealership management.

It is necessary to confirm that under the instructions to steam clean engine compartments, we will endeavour to cover the alarm systems, fuel injection systems and electronic management system, and will not be held responsible for any damage caused to these units.

This service is designed to prepare a used vehicle ready for display or for customer handover.

For complete preparation of these vehicles other services may be requested to complete total preparation needs.

FULL RECLEAN TO NEW OR USED VEHICLE

This service can only be carried out on a vehicle that has already received a full valet by Allabout Cleaning Specialists Ltd.
